Important Terms

LVR – a *Loan to Valuation Ratio* compares the value of your property with the amount you've borrowed as a percentage

Offset – this feature allows you to link your Summerland transaction account to your loan. When we calculate the interest payable on your loan, we deduct the value you have in the account from your loan balance. This is a handy way to use maximise interest savings while keeping 24/7 access to your money.

Redraw – when you make additional repayments to your loan, we allow you to draw them back out again³ this can be a handy way to park bulk savings for a rainy day.

3. Redraw subject to limits, talk to your Lending Specialist for more details.
